

Jeremiah,

I wanted to send you a personal note of thanks for the outstanding message at our Annual Fund Dinner last Thursday. Your message could not have hit the target more dead center!

Thank you also for bringing your mother and brother to share the evening with us. Please express my appreciation to Barbara for her gracious assistance.

God has blessed CCS in so many ways over the years. You being available to Him to show your heart for Christian education with us has proven to be one of His most special blessings.

As you said, there is never a time when God's Word is not appropriate. By faith we trust that He will be honored by our commitment to keep Him at the center of all we do at Calvary.

If there is ever a time I can be of service to you, it would be my privilege. If you are down in the Columbus area, please give me a call and let me take you and Eddie to lunch. May God bless you and your ministry.

Len McWilliams
