Subject: Thank You

Jeremiah:

You never how a message will impact someone! We were grandparents in the audience of Shoals Christian School, Florence, to hear your awesome presentation that was such wonderful timing.

We have six beautiful grandchildren and thusfar, five of them are fantastic little athletes. Our Alexa is a 14 year-old Level 9 gymnast (training since she was 3). Last year, she tore her ACL and missed most of the season. She has worked harder this year and is focused more than any kid that I know, and her goal is to qualify this weekend at State in Tuscaloosa for Regionals since she missed 2009.

As motivation, Moms give little 'happys' to the girls during the week of State Meet and this was perfect! After I realized the strength of your message, I decided to take notes and make this as a scroll. In addition, this will be posted in their gym. I hope you don't mind, and I was careful to give you credit. I tried to hit the highlights.

I just wanted to take a moment to say 'thanks' for your wonderful testimony! As a Christian for many years, it truly had an impact on me and I hope it blesses these young girls who desire to be champions, as well.
